2020 SPONSOR LEVELS

The 13th annual Michigan Construction Career Days event is held over two days, for thousands of high school students across the state. It is designed to peak the curiosity about skilled apprenticeship industry work in construction.

Students and chaperones use actual tools, materials and heavy equipment under the direct guidance of construction professionals from all sectors of the industry, including operating engineers, carpenters, electricians, sheet metal workers, bricklayers and many more.

We invite you to consider becoming a part of this pioneer event in Howell' construction career center!

JOIN US FOR THE 2020 CONSTRUCTION CAREER DAYS

MICCD is a construction career exploration open to ALL Michigan 7th-12th grade students. This career day is filled with a tested blend of education, training and career information booths, hands-on activities and hands-on equipment operation. MICCD provides Michigan's young people the chance to see, feel and experience construction work up-close using real tools, real equipment and materials, while standing side-by-side with actual industry professionals.

While MICCD is a fantastic opportunity for your students to explore all that the construction industry can offer them as a future career. It must be noted that this event is not only open to those students interested in construction careers, but ALL students exploring career options. With these high skilled, high paying construction jobs, it is important that our industry reach out to all students especially those who excel in STEM: Science, Technology, Engineering, and Math.
