At MICCD: Arrival & Check-in

What you need for check-in:

- ☐ Busing Reimbursement Form - for schools only (if not submitted already)
- ☐ Parent/Guardian Release Forms (for each student)
- ☐ Demographic Survey

For your information

UPON ARRIVAL

Bus stops at Welcome Station or Drop-Off Site

The MICCD Welcome Guide will board your bus and will go over rules and safety information. At that time, the lead chaperone proceeds to the check-in area to submit required check-in forms.

Chaperones & student proceed to main building

Once the Welcome Guide is finished, chaperones and students will disembark their bus and proceed to the main building to receive hard hats and information packets.

Separate into groups and explore

Once chaperones and students separate into small groups consisting of 10 to 15 students and one chaperone (minimum), they proceed to the activity areas to explore on their own. The event is self-guided; the amount of time spent in each area is up to the small groups.

PARKING

Buses park after the chaperones and students have disembarked. Parking is available at the MICCD site. Buses will be directed to the parking area by the Welcome Guide.

JOIN US FOR THE 2022 CONSTRUCTION CAREER DAYS

MICCD is a construction career exploration open to ALL Michigan 7th-12th grade students. This career day is filled with a tested blend of education, training and career information booths, hands-on activities, and hands-on equipment operation. MICCD provides Michigan's young people the chance to see, feel, and experience construction work up-close using real tools, real equipment, and materials, while standing side-by-side with actual industry professionals.

MICCD is a fantastic opportunity for your students to explore all that the construction industry can offer them as a future career. This event is not only open to those students interested in construction careers, but ALL students exploring career options. With these high skilled, high paying construction jobs, it is important that our industry reach out to all students, especially those who excel in STEM: Science, Technology, Engineering, and Math.
