

2022 MICHIGAN CONSTRUCTION CAREER DAYS REGISTERED SCHOOLS INFORMATION

WELCOME 2022 REGISTERED SCHOOLS!

We are so excited to have you and your students joining us for Michigan Construction Career Days (which takes place rain or shine!). This is a great opportunity for them to explore the construction industry through education, training and career information booths, hands-on activities, and hands-on equipment operation.

For the first time ever, we have maxed out attendance for both days of this event and have started a waiting list of schools that would like to attend. Please let me know as soon as possible if you are unable to make the event or if you are bringing fewer students than expected.

You should have received an email with your school / group confirmed for the session we were able to accommodate you in. If you have not, please email me directly. It will include your **School Name**, **Session**, **Number of Students**, **Number of Chaperones** and notes identifying if we have received your **Certificate of Insurance** from your school and if you did a **Bus Reimbursement** form, a note advising that we have received your request.

Masks are still required for all event participants. With 2,500+ people expected at the event each day, safety is more important than ever and there are a number of schools that still have mask mandates in place. Speaking of safety, all participants must follow the dress code in the [registration packet](#) in order to participate. There are no warnings at MICCD. Improper clothing, horseplay, or any other dangerous behavior will not be tolerated.

We do ask that you keep your students moving throughout the event. With such a large number of participants, we want to make sure that everyone has a chance to experience the event to its fullest.

Don't forget that you'll need to bring the following the day of the event. All forms can be found in the [registration packet](#).

- Parent/Guardian Release Form for each student.
 - ***In order to streamline the check-in process this year, please bring all of your Parent/Guardian Release Forms in an envelope with your school name and the total number of students.***
- Demographic survey (please only include info for students attending MICCD).
 - ***Please bring this document with you even if you have already submitted it. To avoid duplicate data, only demographic surveys turned in at the event will be included in our overall event data.***
- Busing Reimbursement Form and Certificate of Liability Insurance, if you haven't already submitted them by Thursday, April 28th.

When your bus arrives at the event location, an MICCD volunteer will board your bus to review safety and other event information with your students. Schools will then either be instructed to enter the main building (where you'll find me) or you'll be taken to the shuttle area to start your exploration with the heavy equipment (another volunteer will be stationed there). Wherever you start, please stop to turn in your Parent/Guardian Release Forms and other supporting documents. If you submitted your busing reimbursement form by April 15th, make sure to see me in the main building. I'll have your check.

2022 MICHIGAN CONSTRUCTION CAREER DAYS REGISTERED SCHOOLS INFORMATION

Once you depart your bus, you will not have access to it until your school is ready to leave. If anyone has important personal items, medications, lunches if you are eating on-site, etc., please make sure to bring those with you when you leave the bus.

Information about sponsors, hands-on exhibitors, and career & education booths can be found in this **flyer**. This flyer will also be included in the MICCD cinch bag that all participants will receive.

If you have any questions, please do not hesitate to contact me. I'll see you next week!
